We note an error in the caption of the picture on page 42 of our last issue, accompanying the article "The Society of White Knowledge celebrates its first anniversary". The caption should have read: "To the left of Mr. J. Majdalani (second from right) is George Tabet, and to his right, Antoine Tabet, George Sa-yejn, and Bechara Tabet". Those named were guests, not the Society's directorate, as was stated.

these aim at the unfolding of Man's intellectual capacities and mental powers, that he may acquire sound health and sublime intelligence among other things.

Mr. Majdalani added:

"The aim of the "Esoteric" is Evolution in consciousness on all levels...

"Our symbol is sublime love devoid of any selfishness..

"Our purpose is to present the knowledge of self to every aspirant...

"Our program is the practical application to all we receive of information and knowledge...

"Because Giving is the incentive to our work".

Answering a question, Mr. Majdalani declared:

"We are the first society in the Arab world which revealed the Esoteric Science, making them known in Arabic monographs intended for those who seek to ameliorate their way of living, by awakening the dormant powers lying within themselves. We are operating under official licence given by the Lebanese government to establish the "Esoteric Path", specialized in the practical sciences of self in all its aspects. We also have our own center."

**THE SOCIETY OF WHITE KNOWLEDGE CELEBRATES ITS FIRST ANNIVERSARY**

The Society of White Knowledge held a press conference on the occasion of the first anniversary of the establishment of its Esoteric Institute, "The Esoteric Path", which teaches the Esoteric Sciences of Man.

Mr. Joseph Majdalani, the founder of the Society, gave a speech explaining the

notion of the Esoteric Sciences as a "practical curriculum to 'know thyself', which is the knowledge of the human being as a whole, aiming at uplifting the human consciousness to its highest ranks."

On the goal of the "Esoteric", Mr. Majdalani said that it presents the knowledge of Man with all his dimensions and conditions, with all his invisible aspects, and mysterious constituents, for the sake of "knowing ourselves,

and realizing our being, so that we may be promoted by consciousness to reach its sublime ranks within ourselves". For the "Esoteric" is the way to the Perfectness of Man.

The Esoteric Institute presents bi-monthly lectures and speeches; also monographs to its adherents at the rate of three monographs per month, which also include self-exercises, being the practical application of the contents of the monographs. All
